FATAL AUTO SMASH-UP SATURDAY NIGHT

Mrs. Jennie Wilcox of Washington Sustains Fractured Skull

FOUR OTHERS INJURED

Auto Crashes Into Wagon—Were Returning to Washington From Camp Humphreys.

Mrs. Jennie V. Wilcox, wife of Albert W. Wilcox, 321 Shepard street northwest, is dead, her husband lies in the base hospital at Camp Humphreys severely injured, and three others are nursing lesser injuries, following a smash-up Saturday night on the Camp Humphreys road, when an automobile in which they were riding crashed into a wagon containing Paul Arnold, of New Alexandria and his mother Mrs. Robert Arnold.

Mrs. Wilcox, who was 31 years old, died one hour after being taken to the Camp Humphreys hospital. Her skull was fractured.

Minor victims of the accident are Mrs. Arnold, who was at the Alexandria hospital for body injuries; the 2-year old son and 1- year old daughter of Mr. and Mrs. Charlton W. Ingram, 713 Taylor Street northwest, who owned the auto, and Mrs. Maria Tilton, mother of Mrs. Ingram, who resides with her daughter.

Wilcox's shoulder bones were broken, one of his collar bones fractured and he sustained severe cuts about the eyes. Mr. and Mrs. Ingram and Arnold escaped injury.

The accident occurred half a mile this side of Camp Humphreys about 10 p. m., when the autoists were returning from the camp to Washington.

According to Ingram, who was driving, there was no light on Arnold's wagon and he failed to see the latter in time to avoid the crash. The auto was wrecked and the wagon demolished. Arnold's horse was uninjured.

Leo P. Harlow, returning to this city with Oscar Robbins this city, reached the scene few minutes after it occurred. Mrs Wilcox was placed in his machine unconscious and hurriedly driven to the base hospital by Mr. Hrlow.

The body of Mrs. Wilcox was taken to Demaine's mortuary chapel and today taken to her late home.

Funeral services for Mrs. Wilcox will be held from her home Wednesday afternoon. Wilcox, who is a lawyer, with offices in the Colorado Building, expects to leave the hospital in time to attend his wife's funeral.

An investigation of the case was made following the accident by Justice Troth of Fairfax county.

TREATY FOR AUSTRIANS

Completed Terms of Peace Will be Handed Envoys Tomorrow

Paris, July 7,—The proposed Austrian peace treaty will be ready for presentation to the Austrian delegation on Tuesday. The full text of the document now is in the hands of the printer.

The presentation of the terms of the Austrians probably will not be accompanied by impressive ceremonies such as were held for the signing of the German treaty and the first meeting with the Austrians.

Ten days or two weeks are expected to be given the Austrian delegation to study the new articles on financial, economic and reparations questions, and also certain boundary terms which were not covered in the first draft given them.

The Council of Five reached the conclusion at a meeting yesterday afternoon that it is impossible to make peace with Bela Kun's government in Hungary, according to the Havas Agency. Maintenance of the blockade it was said, still is necessary, although its effects have not been felt by Hungarian revolutionary government, as it is appropriating food stuffs for itself and its friends.

Recent events at Budapest have indicated that the affairs of the Soviet government there are on the verge of a crisis. Forty youths from the military academy and three officers were executed by the Soviet Government last Wednesday after Bela Kun, head of the communist Government issued a proclamation that "Blood shall flow henceforth, if necessary, to insure the protection of the poletariat." The executions followed an attempt by anti-Communists to seize telegraph and telephone stations and bombard Government headquarters with three monitors in the Danube.

MODERN ROADWAY IN ALEX. COUNTY

Three Quarters of Mile of Macadam Being Built at Cost of $20,000

WILL FINISH IN 60 DAYS

Supervisors Propose to Continue Roadway to Highway Bridge at Potomac Yard—Big Help to Local Merchants

A modern concrete roadway, nineteen feet wide, is being constructed from the plant of the New Washington Brick Company, Alexandria county, to what is known as Norton's entrance, three quarters of mile southward. The work is to cost $20,000.

It is the purpose of the board of supervisors to later continue the road to the overhead bridge at the Potomac railroad yards.

It is expected that the work of constructing the roadway, for which the grading is now being done, will be completed in sixty days.

This road will prove a big help to Alexandria merchants who almost daily use this road in going to and coming from Washington.

The starting point for the new road is the macadam block roadway which extends a considerable distance south of the new highway bridge.

FIEND STILL AT LARGE

One Thousand Citizens in Search for Negro Assailant.

Inflamed over the brutal assault on Miss Mary Saunders, Odell S. Smith, acting director of the Home Defense League, with the approval of Major Raymond Pullman, superintendent of the District of Columbia police, last night called upon 1,000 of the citizen auxiliary police to give at least three hours a day to the search for the fined who not only attacked Miss Saunders, but is thought to be responsible for the crimnal assault on Mrs. Bessie Gleason and an attempted assault last night on Mrs. Leona Green and her daughetr, of Bethesda, Md.

Coincident with this action representatives from every one of the fifty families in Somerset and Drummond, Md., met last night and voted a $600 reward "for information leading to the arrest of the culprit."

Realizant of the serious possibilities in the apparent "assault epidemic," citizens throughout Washington yesterday journeyed to the scenes of the assaults and volunteered for duty.

WIFE ARRESTED

Frederick, Md., Police Doubt Pittenger Killed Self.

Frederick, Md., July 7.—Upon discovery yesterday that William H. Pittenger, 46 years old, a farmer of Johnsonville, had been killed by a blow on the head and then shot through the heart to lend color to the theory that he had committed suicide, the police arrested Pittenger's young wife and Arthur Wilson, at whose home she was found.

The body of Pittenger was exhumed and Dr. John H. Messler, who performed an autopsy, declared he found that the skull had been crushed by a blunt instrument and that, in his opinion, the bullet found in the heart had been fired after Pittenger was dead.

Investigation has shown that on Monday, the day before Pittenger's body was found, with a rifle lying nearby, Pittenger and his wife had a violent quarrel at the home of a neighbor with whom Mrs. Pittenger had been living for several weeks following an estrangement from her husband.

Pittenger's body was found covered on a bed, his hands folded over his chest. The rifle was beside the body, the muzzle pointing toward his head. The blow on the head had caused an ugly wound, which led the authorities at first to believe Pittenger had ben shot in the head. However, the coroner found that a bullet had pierced the man's heart. A coroner's jury returned a verdict that Pittenger "had been shot and killed by a bullet from a .22-caliber rifle fired by some one unknown."

Mrs. Pittenger did not attend the funeral services on Thursday, declaring she was too ill. She urged the authorities, however, to bury the rifle with her husband's body.

Wilson and Mrs. Pittenger told a number of conflicting statements, say the police. They persist they have no knowledge of the commission of a crime by any one.

Evidence that there had been a violent struggle in front of the Pittenger home has been found. The Wilson home is only a short distance from the Pittenger home.

Mrs. Pittenger is about 22 years old.

AUTO STRUCK BY TRAIN

Driver Failed to See Peril in Time, Then Tried to Speed to Safety Over a Crossing

Hazelton, Pa., July 7.—Five persons were killed and one perhaps fatally injured early yesterday when a Lehigh Valley Railroad milk train struck an automobile party from Freeland at the Fairview crossing. The dead are: John Capace, aged 42; Mrs. John Capace, aged 40; John Galloy, aged 31; Orzie Lacorate, aged 26, and Mart Demois, aged 22. The only survivor of the tragedy is John Jangorski, who is in a Wilkes-Barre Hospital and is expected to recover.

The train was west bound and the accident occurred at a crossing which is on a steep grade, the approach of a train being difficult to see. The automobile had started from Freeland to take the Capaces and their friends on a day's outing. It started up the grade with Capace at the wheel, and just as it reached the tracks the train appeared. Capace tried to make the crossing, but teh train struck the car in the center, lifted it into the air and tossed it aside, scattering the occupants along each side of the rails. When help arrived four were dead and Demois was dying.

WILL VISIT CAPITAL

Stoeway Makes Voyage—Became Ill After Dirigible Was Well on Its Way to America.

Roosevelt Field, Mineola, N. I., July 7.—Triumphing over rain, fog and adverse winds, R-34, leviathan of the air, arrived at her landing place on this field at 9.54 oclock yesterday morning, just 108 hours and twelve minutes after her departure from East Fortune, near Edinburgh, Scotland.

On Tuesday morning the big flier will start on the return trip, going by way of Philadelphia, Baltimore and Washington. At the National Capital she will be maneuvered to give the nation's lawmakers and others a chance to form a correct idea of the aerial passenger carrier of the future.

Mineola, L. I., July 7.—A stowaway was discovered in the cramped quarters of the R-34 six hours after she left East Fortune, Scotland, it was revealed yesterday. W. A. Ballantine, a former member of the blimp's crew, had concealed himself in the bowels of the giant airship and was not found until it was too late to put back.

The culprit was hailed before Maj. G. Herbert Scott, commanding officer of the blimp. The major strove to look severe.

But Ballantine knew he would not be dropped from the clouds and that the worst he had to face was plenty of work on the voyage and a court-martial later. He displayed no fear.

He was put to work and was on the blimp when she landed today.

HEAT CLAIMS FIVE

Scores of Prostrations Are Reported —Thousands Flock to Beaches

New York, July 7.—Five deaths and scores of heat prostrations was the toll taken by the heat wave here up to yesterday morning.

Relief from the sizzling heat by thundershowers was predicted by the local forecaster. But in the meantime New York and its environs continued to swelter while thousands flocked to the beaches.

Profiteering at the beaches came into its own when bathing pavilion privileges, usually sold at 25 and 50 cents, soared to $1.50 to $3. Kicking against the extortion was of no avail, it only made you hotter. It was a case of pay it or go without a dip.

KILLS SWEETHEART

Harry S. New Had Begged Girl to Marry Him

Los Angeles, Cal., July 7.—Lying on a cot in City Hall yesterday Harry S. New repeated his story of how he killed Miss Frieda J. Lesser. He expressed no remorse, but said he was ready to die, as he wanted to join the woman he loved.

"We had planned to be married today," he said. "At the last moment Frieda interposed objections and I proposed that we take an automobile ride to some quiet spot where we could talk things over Reaching a lonely spot, I started pleading with her to marry me at once.

"She remained obdurate and said she would resort to any means rather than become my wife. That made me mad, and almost before I knew it I had snatched a revolver which was kept in the machine as protection against highwaymen and shot her through the head. I believe she died instantly.

"For nearly two hours I drove about with Frieda lying beside me. Then it dawned upon me what a horrible deed I had done. I decided the best thing to do was to bring the body to the police station and surrender."

The self-confessed murderer is a son of United States Senator Harry S. New of Indiana. He is 30 years old. Miss Lesser was 21.

New walked into police headquarters yesterday, informed detectives that there was a dead woman in his automobile and that he desired to give himself up as a murderer. He then led the officers to a car outside the station, where the body of Miss Lesser was found.

He gave his life, his very all.

PULLMAN—In sad but loving remembrance of our dear father, ROZIER W. PULLMAN, who departed this life 18 years ago today, July 7th, 1901.

'Tis not the tear at the moment shed,
When the cold earth has just been thrown o'er them,
That tells how beloved are the ones that are dead,
Or how deep in our hearts we adore them.
'Tis the tear through many a long day wept,
'Tis life's whole pathway shaded;
'Tis one remembrance fondly kept,
When all lighter griefs have faded.

By his sons, Albert Oliver and Rozier Pullman.

He frowned and said "the dickens,"

POWER OF THE DAY GOD

The heat yesterday, like that of Friday and Saturday, was intense. The temperature during the morning hours was dangerous, and many people kept within doors to escape the piercing rays of the sun. By noon the mercury was well up in the nineties, and in the afternoon reached the ninety-eight mark. In nearby cities it stood at the century figures.

Later the welcome sound of thunder was heard, and it was not long ere a light shower of rain was falling. The downpour was shortlived, however, but subsequently the wind blew fresh and strong from the west and a veritable tempest followed. Considerable thunder and lightning accompanied the rain. The mercury receded rapidly, and much cooler conditions made their advent. and are still in evidence.

While man and beast sweltered during the past few days, no cases of death or prostration have been reported in Alexandria. Other localities, however, did not escape so easily, a number of deaths and many prostrations are reported in certain cities.

EFFECTS OF THE DRY WAVE

During the past few months the names of five or six persons who had been arested for drunkenness appeared on the blotter of the Police Court every Monday morning. Most of the offenders forfeited their collateral by failing to appear. This morning but one name appeared. He also failed to respond when his name was called and forfeited his deposit. The Washington, Philadelphia and Baltmore papers also report a materal falling off in "drunks" yesterday

The Gazette a few days ago published the suggetion of a contemporary that the prohibition law be obeyed in letter and in spirit. Present conditions show that the advice has not fallen upon dead ears. The liquor recently stored away for use durng the arid period will soon disappear while the almost prohibitive prices which are now demanded for intoxicants will tend to curtail their use to a minimum.

MOVING PICTURES

What many persons cannot understand is the tendency of so many men in the moving picture industry to make the films a sort of chamber of horrors. Possibly the purpose is to shock the spectator, but the result only too often is to inspire disgust and dissatisfaction. It is a mistake to assume that most of the people revel in brutality and that they take joy in witnessing scenes which are neither pleasing nor educational. Most men and women are decent and law-abiding and have no relish for pictures which are often revolting and sometimes on the border line of indecency.

The Philadelphia Inquirer in commenting upon this subject says "the motion picture business has become one of the greatest industries in the world. Fortunes are sometimes made from a single picture, and the screen furnishes amusement to millions of people in all parts of the globe. The possibilities of the movies have only been scratched, and their advance in the course of the last few years has been wonderful. Yet it must be confessed that the results are disappointing to many of the well-wishers of the business. We have too many disagreeable plays and too few that are sweet and wholesome.

"It will not do to blame the public for the choice of the pictures. Most of the patrons take what they can get though it is to the credit of the people that they decline to patronize shows that are flagrantly unwholesome. Indecency on the screen does not pay very long any more than it does on the spoken stage, and that is one of the good signs of the times. In the meanwhile we are inclined to believe that those managers who try to meet with financial rewards which will more than justify the experiment. Indeed, experience has proven that the longest runs come to those plays which, without being prudish, are nevertheless acceptable to the mass of clean living Americans."

WILL NOT INSURE PEACE

The Peace Treaty has been signed by Germany, but that does not mean that Germany has the slightest intention of fulfilling its agreements. The German papers openly proclaim that they will get ready for a war of revenge. They say that Germany has signed, but Germany will not fulfill. No one who knows the German nature need be at all surprised, In the most crucial hour of human history a mistake was made when an armistice was permitted. We should have marched on to Berlin and accepting nothing but the unconditional surrender of Germany. Then we might have stayed the tides of Bolshevism. Civilization might have taught Germany something of the meaning of civilization and humanity, and gradually taught that country to recognize with some horror the fearful crimes of which it had been guilty.

Returning soldiers are loud in their complaints that they were not permitted to go on to Berlin. A few days ago a captain in the United States Regular Army in a public address in Baltimore said: "Oh, if there had been no armistice, and we had been given 90 days more, we would have been in Berlin and all the questions which now perplex the world would have been settled then and there!"

That is the voice of the American soldier, and the American soldier knew then, and he knows now, that eventually the cost in lives and in treasure will be many, many times what it would have cost to go on to Berlin.—(Manufacturers' Record.

ALLIES MAY FIX DEATH PENALTY FOR KAISER.

London, July 7.—The allied tribunal which will try the Kaiser will have unfettered authority to inflict the death penalty if it so desires. Lloyd's Newspaper today said it learned on highest authority.

SENATOR PHELAN ALARMED

Says California is Becoming a Contributory Colony to Japan

More than one-third the births outside the incorporated cities and towns of Los Angeles county, California, are Japanese.

This fact, combined with others which show the influx of Japanese into California, led Senator James D. Phelan of that State yesterday to declare that California is now just as Hawaii has been for some time past—a tributary colony to Japan. He issued a a statement which calls upon every thinking man and woman in the country to consider the invasion and to act. He said:

"I was surprised and alarmed to read the official statement that one-third of the births outside of incorporated cities and towns in Los Angeles county, California, were Japanese. That means that one-third of the rural populaton are substantially Japanese, and as the rural population is the backbone of every country the gravity of the situation must appeal to all thinking men and women.

"The State Board of Health reports that the Japanese births in the last ten yeats have increased 3,000 per cent and the white births have decreased about 9 per cent.

"The women, of course, cannot be bona fide wives of the men whom they have never seen as we understand marriage. These women work in the fields as laborers, and so circumvent the agreement. And then they give birth to children and thus defeat the purpose of the agreement by increasing the horde of non-assimilable aliens who are crowding the white men and women off the land. If this is not checked now it means the end of the white race in California, the submersion of American institutions, and the end of our Western civilization. The fight is on! On what side do you stand?"

"Suncrowned Manhood"

Lecture by

Chancellor George H. Bradford

AT CHAUTAUQUA

One of the men chosen to introduce the first Chautauqua program into the continent of Australia was Chancellor Bradford. The management knew that he would make good, and he has. His first engagement after returning to America is with our Association.

Let's look a minute at this man Bradford—this great scholar—and man of the world—and see what he has done. After spending eighteen years as a University student and University Chancellor, he decided to enter the University of the Universe and attempt to translate Life instead of Latin. He says that he would rather know men than trees, and while it is a great thing to associate twenty-five adjectives with the noun in Greek, and twenty-five adverbs with the verb in Hebrew, it is a better thing to associate fifty men in the task of making the community better.

Winter before last he lectured in twenty-four states of the Union and last winter he spent in Australia. This summer he comes to your Chautauqua platform with a new message, entitled "Suncrowned Manhood." This lecture affords him ample scope for his big ideas and far reaching purposes. He presents his dynamic philosophy of life in a striking way.

He resembles William Jennings Bryan not only in appearance but also in eloquence. Hear him the first night of your Chautauqua.

EX-CROWN PRINCE

Allies Can Have Only His Dead Body He Says

Amsterdam, July 7.—"The allies can only have my dead body; I will myself decide on my life or death," the former German Crown Prince is quoted as having said Friday in discussing a possible demand for extradition.

This statement, reported by the British wireless service correspondent, was asid by him to have been made to a Dutch official who talks daily with the former crown prince.

According to this official Frederick Hohenzollern is in excellent health. He takes motorcycles trips daily and frequently visits both the rich and the poor on the island of Wieringen.

THEATRES

INGOMAR—"The Love Net"

"The Love Net," starring Madge Evans and featuring Jack Drumier, will please you. It will delight you and charm you from start to finish, because this new World Picture is one of the very best productions in which Madge Evans has ever appeared and, as everyone who is familiar with the work of this artist will agree, that is certainly going some. The story is particularly pleasing. It moves [illegible] has many humorous little touches that are unusual and delightful, and is interesting in every foot of the five reels. "The Love Net" has been secured by the Ingomar Theatre for tonight. As an added attraction with Chapter 10 of "The Tiger's Trail."

RICHMOND THEATRE

Maurice Tourneur's latest Paramount-Artcraft production, "The White Heather," will be seen at the Richmond Theatre today. The story is adapted from the famous Drury Lane melodrama of the same name. The background of this melodrama is divided between the Scotch highlands, the London financial district, the slums and the sea.

Photographically, the picture is superb. Many of the exterior scenes brought forth applause from teh audience, and the spectator will find genuine thrills in the fight between the villian and the hero on the ocean bottom. This feature of the production is in itself well worth seeing.

GRAND THEATRE

Millions of readers who have followed the screamingly funny antics of Hashimura Togo in the magazines and newspapers of this country will be interested, in the prospect of having this quaint and original character visualized for the screen by so popular and talented an actor as Sessue Hayakawa, America's most famous Japanese actor. "Hashimura Togo" is coming to the Grand Theatre tonight. This is a Paramount picture. Also 12th episode "Man of Might."

Dangerous to Use Treatment for Only Temporary Relief.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

Inspirational Lecture

AT CHAUTAUQUA

CARLTON CHAMBERLAYNE

Carlton Chamberlayne was one of that group of Americans in public life who proved their patriotism at great personal sacrifice during the World War. He resigned his associate-editorship of the Schenectady Union-Star and took up Y. M. C. A. war work in the national army camps and cantonments in the vicinity of San Antonio, Texas. Except for a period of ten weeks during last summer, when he carried most successfully to the audiences on one of our other Chautauqua circuits the message of "Why America Fights," Mr. Chamberlayne has been giving his time and energy to the interests of the boys in the camps.

For long one of the best known residents of Schenectady, Mr. Chamberlayne has in later years won recognition everywhere as one of the best lecturers on the public platform and his services in that line have been in great demand. Last summer his interpretation of America's motives and purposes in the war was everywhere received with approval and therefore Director Pearson had no hesitation in asking him to give the Association his valuable services again this summer.

He will present a new lecture for the new day. He has called it "Tomorrow." Now that the war has been won, the peoples of the world need to have their thoughts turned to the keeping of the dearly won victory. The responsibilities of the new era must be shouldered and the problems must be solved. In an inspiring manner Mr. Chamberlayne discusses this great question and no audience can hear him without being better able to anticipate the problems of tomorrow.

Mr. Chamberlayne radiates good nature from the platform and his discussion of this subject will be enlivened by his characteristic geniality. He will speak on the third afternoon.

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
